TO: The Federal Communications Commission

SUPPLEMENT TO THE PREVIOUS JOINT STATEMENT ON MICRO RADIO

This document supplements the previous Joint Statement of ROGUE COMMUNICATION, THE AMHERST ALLIANCE (Amherst), AMERICANS FOR RADIO DIVERSITY (ARD), THE COMMITTEE FOR DEMOCRATIC COMMUNICATIONS OF THE NATIONAL LAWYERS GUILD (CDC) and numerous others.

Earlier today, we learned that THE MICRO-EMPOWERMENT COALITION (MEC) has agreed to participate in the Joint Statement as a Signatory. Since MEC is -- like CDC -- a major player in the non-commercial wing of the Low Power Radio movement, we are apprising you immediately of MEC's decision to join the rest of us on the Joint Statement. Further, several other individuals and organizations have elected to join us at the last minute as well.

In all further proceedings and deliberations in FCC Docket MM 99-25, please regard The Micro-Empowerment Coalition, as well as those indicated below, as official parties to the Joint Statement.

As I have filed hard copies of the Joint Statement on Micro Radio as well, I will be sending hard copies of this supplement in the next few days.

Respectfully submitted: Ted M. Coopman, Rogue Communications

We the undersigned urge the Commission to support the proposed rulemaking on a Low Power Radio Service including the issues and specification contained in the previously filed Joint Statement on Micro Radio.

WE AGREE TO AND SUPPORT THIS JOINT STATEMENT ON MICRO RADIO

ORGANIZATIONS
